Custom handmade hunting knives. Hollow ground for longevity. Properly hardened & tempered to a range of 58 to 60 rockwell. Three models to choose from, all of which can be customized with options to make your own special order knife.

MODEL HJ1 \$175

Available with 0-1 tool steel blade. Also available w/ 154cm stainless blade. Nickel silver guard is standard. Mosaic pins & nickel silver pins are standard. Various handle materials available & hardening colors on the blade are standard. Mirror finish on blade is \$15 extra. Nickel silver shield can be engraved w/ initials or name for \$25 extra.

MODEL HJ2 \$145
All features are the same as HJ1, except this knife does not have a guard.

BUSINESS MODEL \$110
Available w/ both 0-1 & 154cm steel. All nickel silver pins & white corian handle material. Hardening colors are standard & a mirror finish \$15 extra.

I believe in American Made Quality. Every knife that leaves my shop must meet proper hardness, fit, & finish. I try to keep a selection of finished knives in stock, so call to get current availability and to customize your own knife. I also sell an inexpensive sheath for these knives in a neutral or black color.
